Dear Radical Reader,

True to their historic roots the French are rising up against their oppressors and taking to the streets in mass demonstrations to let the Zionist plutocracy know they are not impressed with the way the country is being run. Their economy is in shambles and the people are hurting and it's reached the stage where it just ain't funny any longer. At least not for the Zionist Jews who permeate the government, media and practically everywhere else, not all that unlike what we have here in Canada.

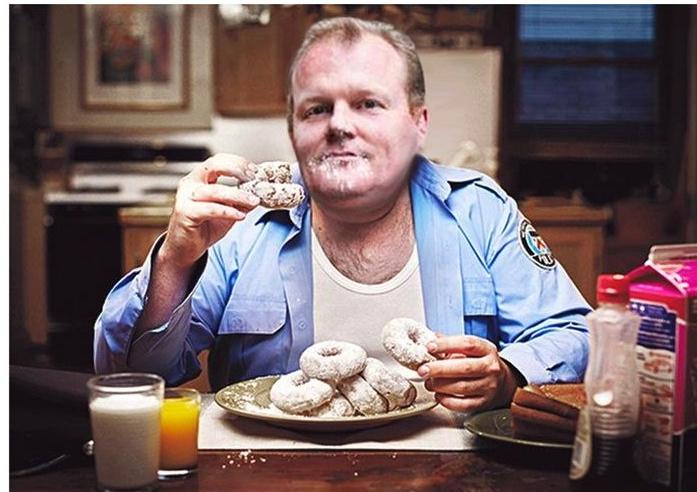

But some people are getting a good laugh out of it, especially the followers of the French comedian Dieudonne, a one-man revolution whose comic depictions of the Jewish plutocrats have them writhing about in their dens of iniquity spitting and snarling and doing everything in their ill-gotten power to silence him.

I thought I had it bad here in Canada with my three "hate crime" charges but I see that Dieudonne is way beyond me. Oh well, there's always the chance that Det. Cst. Terry Wilson of the BC Hate Crime Team will get so pissed off after reading this article (as he does every one that appears on the site on a daily basis) that maybe he and his team-mate Cst. Normandie Levas will cook up yet another charge. I can only hope. Given that he has approximately 114,000 private emails of mine to go through it's going to be tough on the young fella to keep up with it all.

On a serious note though I would highly recommend viewing the videos and reading the articles regarding events in France. What we're seeing there is a portent of what will eventually be happening here in North America as the general public begins to wake up to the realization that our countries are no different than France.

The only real difference is that we're not used to speaking out and challenging the power elite who are leading the nation down the same dead end street that France is experiencing. It seems to take a lot more to get Canadians off their asses and

out the door to rally in numbers and let the Zionist controlled Harper government know that we're just as unhappy as the French are.

Bay oh bay, I sure do love these frosted ones after snoopin' through Topham's emails all day long!

The longer we wait the more it's going to get worse. The French have something to tell us. Maybe it's time to listen, eh?

Sincerely,
Arthur Topham

State repression in France only makes the Resistance grow stronger

Dieudonne's music video and an appeal to French speakers (updated)

Dieudonne and his wife have made a small music video together which Dieudo put at the end of his latest web appearance. I want to share this video with you:

[CLICK HERE TO VIEW VIDEO](#)

Since Gallier2 has kindly [translated the lyrics in a recent comment](#) (merci l'amie!), I will also share that here:

A new wind blows over the planet, wind of renewal, it's the wind of hope.
the one that makes the branches of the big trees dance,
coming out of the night to awaken our souls.
It is born in the heart of the African forest. Dancing, slipping
on the shores of the Congo river.
The wind of change, natural revolution, inspired by the stars
or inspired by God.
It is here, I feel it, it wipes out my fears and strengthens my arms, it's the wind of fight
for the emancipation of the black people and the yellows and the whites, for humanity.
A new wind blows over the planet, wind of renewal, it's the wind of hope.
It opens our eyes and fills our hearts with the light and the faith, it's the wind of joy.
And the chests are swelling and the fists are closing. Mister President lost his drive.
In the face of the shouting gun, the people gather. It's him who advances and the king who retreats.
Everywhere the bullets whistle and death is close but I don't tremble, I'm here standing still.
It's over, we will live, not retreating, you can kill me and kill my family.
You will not be able to stop this wind, it has awakened us, the sun has risen.
It warms our hearts, make our children smile and turns off our fears, fills us with courage.
It's the end of the lies, the begin of the march, we will not go back in obscurity...
A new wind blows over the planet, wind of renewal, it's the wind of hope.
The evil one clings to the branches of his tree, resists stubbornly until losing his senses
No one resists the big wind of faith, either you bow or die

Mister Liars

A new wind blows over the planet, wind of renewal, it's the wind of hope.
Now I'm well, I breathe and I see. I feel and I believe in hope, in life.
The wind is still here, until when? I don't know. Whatever we will see, it's here and I believe in it
A new wind blows over the planet, wind of renewal, it's the wind of hope.
A new wind blows over the planet, wind of renewal, it's the wind of hope.

Lastly, I have also extracted the mp3 music track from the video and uploaded it to Mediafire to share it with you. You can get that track here:

One more thing for the French speakers here – Alain Soral has recently released an absolutely amazing video about his latest public appearance. Check it out here:

http://www.dailymotion.com/video/x1abt94_conference-d-alain-soral-a-marseille-vers-l-insoumission-generalisee_news

I will be honest here – I cannot do that myself simply because of a lack of time. But guys, if somebody could translate and subtitle his speech that would be an ideal way to make Soral better known to the English speaking world. So if anybody of you could do it, please do and then upload the video somewhere and let me know and, of course, also let the folks at E&R know (email me if you need their email address). As for me, I will write another post about Dieudo and Soral in the very near future. Stay tuned.

"THE FRENCH ARE BUBBLING WITH RAGE!!!!"

Last November I wrote a piece entitled "[Is a new revolution quietly brewing in France?](#)" in which I described the struggle which was taking place between the French people and the Zionist plutocracy which has ruled France over the past decades (roughly since 1969) and today I am returning to this topic as events have rapidly accelerated and taken a sharp turn for the worse. A number of most interesting things have happened and the French "Resistance" (I will use this collective designator when speaking of the entire Dieudonne/Soral movement) is now being attacked on three levels.

Intellectual level:

This is, by far, the most interesting "counter-attack". A well-known French commentator, Eric Naulleau, agreed to a "written debate" with Alain Soral in which both sides would discuss their differences and the transcript would be published in a book entitled "[Dialogues Désaccordés](#)" (which can roughly be translated as "detuned dialogs" or "dialogs out of tune" or even "disagreeing dialogs"). To explain the importance of this publication I have to say a few words about Naulleau himself.

Eric Naulleau

Eric Naulleau Everybody in France knows Eric Naulleau as one of the two partners of a "journalistic tag team" called "Naulleau and Zemmour" in which one of the partners – Eric Naulleau – is a Left-leaning progressive and the other – [Eric Zemmour](#) – is a Right-leaning conservative. Together they form a formidable and, sometimes, feared team of very sharp and outspoken critics and commentators which was featured on various shows on French TV. Zemmour, in particular, is an extremely intelligent and very charming person whose wonderful sense of humor combined with an outspoken

attitude often got him in trouble. He is one of the few French Jews who actually got sued by the notorious [LICRA](#) (rabid Zionist organization formed by Trotskyists to attack those opposing them) for daring to say "French people with an immigrant background were profiled because most traffickers are blacks and Arabs... it's a fact" on TV. Together, Naulleau and Zemmour are known for being formidable debaters and very tough and even blunt critics who can take on pretty much anybody.

Naulleau explained that, according to him, it made no sense at all to ban Soral from the mass media because that still gave the option for Soral to record his show on the Internet where they would be viewed by millions of people (that is not an exaggeration, by the way, Soral's videos do score more views than some national TV channels!). Naulleau explained that in his videos Soral was always alone, free to say whatever he wanted, without anybody contradicting or challenging him and that his goal was precisely that – to unmask, challenge and defeat Soral in an open debate in which he would show all the fallacies and mistakes of Soral's theses. To say that Naulleau failed in his goal would be an understatement. Soral absolutely crushed every single one of Naulleau's arguments to the point where I personally felt sorry for Naulleau (whom I like a lot as a person). Worse, not only did Soral absolutely obliterate Naulleau, he also made a prediction and said: "you will see the shitstorm which will hit you for agreeing to make this book with me!". And that is the crux of the disagreement between Soral and Naulleau: do the Zionists control the French media yes or not? Can they blacklist somebody or not? Is there a shadow "Zionist censorship" in France or is public speech still free? **Soral's thesis is that France is in the iron grip of a "behind the scenes" Zionist mafia** which is exactly Naulleau vehemently denies. The problem for Naulleau is that he proved Soral to be right.

The French media immediately attacked Naulleau for "providing Soral with a platform to spew his hateful theories" to which Naulleau logically replied that Soral was already doing so on the Internet and that, besides, he – Naulleau – did not believe in censorship but in a strong and free debate. Naulleau also got attacked for not saying this or not saying that – in reality for getting so totally defeated by Soral in the debate. The book, by the way, became an instant bestseller which, indeed, made it possible for even more French people to think through Soral's arguments and make up their own mind. So, ironically, and even though Naulleau clearly wanted to challenge Soral, he did him a huge favor by allowing him to break the media blockade around his name – Soral is never ever invited on a talkshow – and by allowing the ideas of Soral to come right back into the public debate via this book, Naulleau de facto helped Soral. Some have even speculated that Naulleau might be a secret sympathizer of Soral and that he did all of this deliberately. I don't believe that at all – Naulleau is sincere, and Naulleau is also naive: he is now only slowly coming to grips with the fact that Soral's core thesis – **that the Zionists completely control the French media** – is a fact and that Soral's prediction about Naulleau getting in trouble for this book was spot on. Right now, Naulleau and his friend Zemmour still have a show on a small local TV station, but clearly Naulleau has now deeply alienated the French plutocracy. As far as I know, nobody has dared to speak in Naulleau's defense. The funniest thing of all is that even though both Soral and Naulleau are officially coauthors of this book and even though Naulleau attempts to deny that Soral is blacklisted, only Naulleau got interviewed on the French talk shows, never Soral. Not once. What better way could there be to prove Soral right?

"Personalities lynch mob" level:

While Naulleau was trying to defend himself against attacks from all sides for daring to coauthor a book with Soral, something absolutely unprecedented took place: day after day after day, media personalities were shown on TV trashing Dieudonne and his "quenelle" gesture. This really looked like a "virtual lynching" or a Stalinist trial – politicians, journalists, comedians, commentators, actors – you name it – all took

turns to ridicule, insult, denounce and otherwise express their hatred for Dieudonne. This truly became an Orwellian "two minutes of hate" in which Dieudonne was designated as the target of an absolutely vicious hate campaign.

Bedos as "Dieudo Hitler Bin Laden"

A mediocre comedian named Nicolas Bedos was even given 12 minutes of uninterrupted air time to compare Dieudonne to both Hitler and Osama Bin Laden and his shows to a Gestapo interrogation room. It was surreal, really.

[Bedos as "Dieudo Hitler Bin Laden"]

If an extraterrestrial had just tuned in and watch this display of vicious hatred he would have imagined that Dieudonne was a 2nd Hitler about to invade France with a huge army of bloodthirsty Nazis. For me, it was clear that the reason why all these different personalities were standing in line for the chance to outdo each other in taking a shot at Dieudonne was to prove their loyalty to the Zionist "deep-state". This was as transparent as it was sickening. And again, it proved that Soral was right and that, if anything, he was under-estimating the degree of control of the Zionist plutocracy over France.

State level:

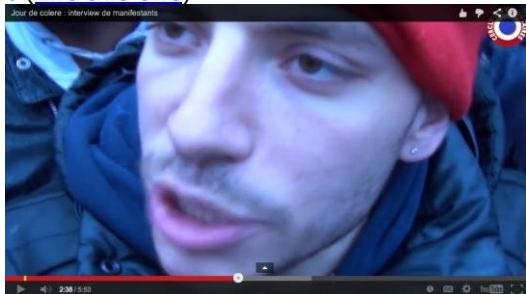

Finally, from being more or less covert, the persecution of Dieudonne and Soral by the French state became completely overt. I already mentioned how in early January the French Minister of the Interior, Manuel Valls, used his powers to ban the latest show of Dieudonne (see [here](#) and [here](#)). Over the last weeks, this repression has reached a new level with even more lawsuits against Soral (12 simultaneous lawsuits, see Google-translated list [here](#)) and administrative harassments (evening "visits" by bailiffs, abusive arrests, threats, police search of his small theatre in Paris) against Dieudonne. All these events taken together – and it is really not hard at all to connect the dots – for a very clear picture: the power of the state is used to persecute, harass and repress Dieudonne and Soral. And that, of course, just goes even further in proving that Soral is right in his central thesis about France being run by a shadow occupation "deep government" whose loyalties are not to the French people, but to the Zionist plutocracy and Israel.

CLICK [HERE](#) TO WATCH VIDEO

The reaction against this state of affairs is also becoming stronger and the amount of people supporting Dieudonne and Soral has literally skyrocketed. The reason for that is not only that a lot of French people share the same views as Soral and Dieudonne, but also a deep running French cultural tradition of admiring rebels and disliking the state. Add to this that Hollande is the most hated President in French history and that the French economy is doing down the tubes triggering untold suffering and rage in the people suffering from the crisis, and you get a very explosive mix: the so-called "Day of Rage".

Check out these videos before they are removed from YouTube ([like this one](#)):

[CLICK HERE TO WATCH VIDEO](#)

Anybody who knows France well will tell you that this is very serious stuff because unlike other demonstrations which typically oppose a law, or a policy or a specific event, **these demonstrators clearly are rejecting the legitimacy of the entire political system**: they want regime change. So far, the French media has tried to minimize the coverage of this event and the French elites are trying hard to pretend like this is some small, fringe, extremist group, which is utter nonsense. France is bubbling with rage.

Zionist panic:

The Zionists are actually aware of that, and they are now in the panic mode. Just take a look at the headlines of this [Israeli-French website](#):

On the top right, you can see the Israeli founder of this website – Jonathan-Simon Sellem and on the top left you see Arno Klarsfeld, a well-known “French” (Israeli/German/French) lawyer and rabid Zionist. Here is what they are quoted saying:

Jonathan-Simon Sellem: “Dieudonne, you will never be a martyr. You will not a hero. Your name will be cursed in history, by history”.

Arno Klarsfeld: “They is a crucial moment in history: Jews are already beginning to leave France”.

Clearly, these two gentlemen see Dieudonne as some modern mix of Agag, Hamman, Titus, Hitler and Bin Laden – a terrifying, bloodthirsty and infinitely dangerous and evil man who threatens the survival of the Jewish race (never mind that Jews are not a race).

Could that be a little bit of an over-reaction?

What are these folks so terrified of?

I think that the answer is obvious: what they are so terrified of is not that Dieudonne and Soral will reopen Auschwitz somewhere near Paris, or that French Jews will be expelled from France. They know that this is paranoia (**which Gilad**

Atzman calls “Pre-Traumatic Street Disorder”) is absolute crap: French Jews are safe, happy and welcome in France and nobody is seriously out there to do them any harm. No, what this small clique of Zionist Jews (representing a tiny fraction of the much more diverse French Jewry) really fears is that the truth about them and their power over the French deep-state will come out. And this is not only about Jews. There is a non-Jewish plutocracy formed around the Jewish core of French bankers and financiers which is also completely in bed with the Zionists and whose future depends on maintaining the Zionist control over France: politicians, of course, but also actors, journalists, academics, etc. – a full constellation of **Shabbos Goyim** willing to do Israel’s **Savanim’s** dirty job for them. It is this entire elite and the system which it built which is threatened by Soral and Dieudonne and by what the movement “Equality and Reconciliation” stands for: a union of all the French people (native or immigrants) which together are determined to resist the Zionist oppression of France and who, just as in WWII, will resist the occupier until the Liberation.

When and how could such a “Liberation” occur?

I don’t know. These events are very complex and multi-dimensional and it is, I believe, impossible to predict what could happen. What I am sure of, is that this movement, this Resistance, will not be crushed, nor will it somehow magically disappear. To paraphrase the *Communist Manifesto*, the French people “have nothing to lose but their chains”: their country is ruined and they are ruled by an evil foreign occupier. In terms of dynamics, every move which is made against Soral and Dieudonne only makes things worse for the occupation regime – the harder the strike, the harder the blowback. The legitimacy of the regime, in particular, is greatly affected by such absolutely ridiculous actions like the “overkill” of a Minister of Internal Affairs using the highest court in the country (the State Council) in an emergency session to ban a single comedian’s stand up show.

Sure, for the time being most people in France comply, obey, or look the other way. But everybody know, everybody understands and very few believe in the official lies, especially in the younger generation.

This all reminds me of the Soviet Union of the 1980s where externally nothing much was happening and where the system itself look ugly but safe. Russians were making anti-Brezhnev jokes at private parties while the KGB from time to time arrested dissidents. But nobody – not even the KGB officers – had any respect for the system, the regime, the official ideology and its propaganda. Everybody did what they were told, but nobody believed in what they were doing. That is the exact situation not only for the French cops who are constantly used to ban, harass and arrest Dieudo and his supporters, but also of an increasing percentage of the general public.

Right now the pressure on the dam is getting stronger and stronger, and the cracks more and more visible. So far, the elites have had enough fingers to stick into the cracks, but this is clearly a futile attempt to delay the inevitable. And when the French dam will burst, it will impact not only France, but also a good segment of western Europe. So while the pro-US Ukrainian nationalists want to subordinate their country to the EU, the EU is threatened with an inevitable and violent explosion. But, like on the sinking Titanic, the media’s “orchestra” will be playing its music until the last second.

Recently in a group of people we had discussion about gas chambers and 'millions' of jews who 'perished' in them. My friend who was doubting the doubters was challenged to:

'Provide a name of one person who could be shown as died in a German gas chamber during second world war'.

As a bonus she was told that she will be invited every day to any restaurant of her choice , have a meal of her choice and not pay anything - FOR THE REST OF HER LIFE .

She asked to repeat the promise in front of several people (' to be sure that you keep your promise '). At that time she was the happiest woman in the world .

I rung her 2 days later asking how the search is going - ' not yet ' was the reply , few days later I heard ' not yet ' again . At the end of the week she told me that she is not that good in searching internet maybe I could advise her what she was doing wrong .

I said - you cannot search the 'holocaust deniers', 'anti-Semitic' , 'neo-Nazi' and 'revisionist' sites because by definition that information will not be there . What about all jewish sites - holocaust museums, institutes, jewish cultural centres, organisations of survivors, 'ghetto fighters', israeli embassies etc. All this propaganda machine (thousands of people) employed in promoting the concept of gas chambers should have

the recorded name of ONE SUCH PERSON out of 'millions').

She collected over 800 email addresses and contacted people in jewish propaganda outfits - from ADL to museum in Sydney, from Wiesenthal centre to israeli embassy in Canberra.

Majority of people from those organizations did not even reply Some desperados, particularly embassies, tried to dump her at the doorsteps of <http://www.yadvashem.org> thinking that if they pay them millions every year they should be able to furnish at least one name . Nope! not even one is marked as died in gas chamber. There are some cryptic entries 'perished in Shoah' - they could mean clubbed to death by other jews fighting for Red Cross chocolates or access to prostitutes (Auschwitz DID HAVE brothel).

Lots of recycled photographs of malnourished people taken in 1945 when German transport and distribution system was blown to pieces by indiscriminate, murderous bombing by stupid goys doing dirty jobs for jews (Anglos and Yankies).

And bodies of victims of typhus and hunger - implying subtly that they could be 'gassed people'.

Many tried to misdirect her to sites with garbage in them or generalized 'claims' about holocaust.

Eg when advised by ADL to check <http://www.jewishgen.org/databases/holocaust/> (firstly you have to pay \$100 to jewish extortionists for the right to access the data base) she found lists of transports from one camp to another;

survivors of all sorts, even those living in Philippines;

Names of 671 Jews who emigrated to Peru, from the early 1800s through 1947; Records of 2,995 foreigners (mostly German Jews) who came into contact with Dutch authorities between the mid-1930s and 1954;

Index of the prisoners held at Miranda de Ebro, the central camp in Spain for foreign prisoners;

Names of nearly 500 French Jews who were issued immigration visas to Brazil during the Holocaust - and similar rubbish to make impression that there are lots of lists of 'victims'. Great surprise with 'Karaganda, Kazakhstan Lists' - Germans never got there?!

Some lists claim to contain names of people who died without stating the reason, (apart from shooting, it is known that in concentration camps the main cause was typhus);

Why include list of migrants to Peru in 19 century as victims of holocaust on the list which is clearly marked as 'JewishGen's Holocaust Database'.

Since the actual number of jewish victims during second world war has been exaggerated (likely) tenfold it became necessary for the jewish propaganda to include various, irrelevant lists of people put together to claim that there are records of 'millions' of people who died.

Miracle provable by jewish records! - 19 century jewish migrants to Peru died twice, once in various time and circumstances and then again during 'hollowhoax'.

Can anybody match such miracle! Majority of people on those lists (some are doubled on various lists) are merely people who were alive at the time of second world war.

Using the same methodology - 6 BILLIONS people alive today can claim to be survivors of jewish genocide in Palestine. There are records of their existence , their addresses in Greenland or Vanuatu and genocide in Palestine goes on - those are 'historical' facts using their own jewish method of creating 'victims' who are eligible to claim compensation from jews the same way about 2 millions of them got it from German government.

Another issue about numbers - those lists claim to contain about 2.4 (or 4) millions names of people and as pointed above mostly 'survivors'. Where is the rest of '6 millions' who are claimed to died in 'holocaust'? This happened in 20th century in Europe where in the littlest of towns were multiple public records (civil and religious) of every person , every house, every m³ of land.

And if we can find a record of a non jewish person from the same period and the same place you cannot claim that records 'disappeared', 'were destroyed by Germans'?

So, Mr and Mrs Choo - where those 'missing millions' come from?!

Some 'clever' jews, eg .Tom Jackson 'Education Officer' from Holocaust Educational Trust <http://www.het.org.uk> tried to give some names which when checked did not stand up to scrutiny but Tom Jackson when confronted with his lie had audacity to reply that - 'I'm not sure that it makes a great deal of difference whether anyone actually saw Korczak and his 198 children walk into the gas chambers at Treblinka'.

In every case of people claiming of grandparents or other relatives dying in 'gas chamber' when trying to verify names and get redirected to <http://www1.yadvashem.org> - found there merely confirmation of death. Some names came from thin air - no trace on any list. CHECK IT YOURSELF. Asking the claimants to provide some verifiable information about the death in 'gas chamber' resulted in the end of correspondence.

On:http://en.wikipedia.org/wiki/List_of_victims_of_Auschwitz found name of Hana Brady marked as 'Arrived at the camp on October 23, 1944, and was gassed immediately'.

How do they know? - jewish book Good Books Matter by Stagg

Peterson, Shelley; Swartz, Larry (2008) says so.

How do they know? - her brother says so.

How does he know? - he thinks so because she is dead.

Still waiting for Wikipedia answer to the email if they have more verifiable information about this death in 'gas chamber'.

So a lie repeated many times over becomes 'fact' and an average person is led to believe in it because it is in 'Wikipedia'?

Weasel organisation <http://www.vwi.ac.at> cynically called 'Museum of tolerance' but being the centre for spreading hatred, lies and persecution remained silent as well.

Its Pinocchio boss creation suddenly suffering from memory loss of who did he said that he saw dying in 'gas chambers'.

It is apparent that the working language of those jews is rather limited. Apart from sticking labels on people and nasty invectives they cannot go any further.

It is not an 'historical' argument (eg as Mariela Sztrum From Sydney Jewish Museum tried) an invective put with almost visible foam in the mouth.

And how one could forget Ronald Eissens from 'International Network Against Cyber Hate' daring to say that 'Holocaust denial is illegal in Australia, so if this group of people keeps on denying that Jews were gassed in concentration camps, you could file a complaint with the police'. Of course that piece of poor excuse for human being could not provide a name either!! - but he wants you to do in and put in prison your own friends because they dare to think outside limits set by jews and display so human desire to find the truth.

I am including answers from some jews who did reply. I am also including the list of all those people and organisations contacted .

NONE OF THE 800 JEWISH PROPAGANDA OUTLETS WAS ABLE TO PROVIDE THE VERYFIABLE NAME OF ONE SINGLE JEWISH PERSON WHO 'DIED' IN A GERMAN GAS CHAMBER.

Replies * Jews contacted **
NOTE 1:

When it comes to discussing jews nothing is simple or straightforward. It is known fact that in the part of Western Europe and in Balkans overtaken by Germans there were no

mass shooting of jews - those jews (mostly) belong to Sephardin branch or those who could claim some historical evidence that they may have come from Palestine.

National Socialism movement was infiltrated on many levels - civil administration, army, police, SS - not only by opportunists and traitors but also by jewish stooges.

Plausible explanation is that marginalized Sephardin 'proper' jews wanted to get rid of Ashkenazi branch which consists mostly of descendants of converted Khazars - therefore in the eyes of 'proper' jews were NOT GENERIC 'blood descendants of Abraham' and are usurpers, competitors and challengers to playing the main role (due to numbers) and even 'pariahs' or 'embarrassment'. Its van Bakony describes such people as 'Door Proselytes' - shunned from 'true judaism' by jewish heavies.

These days the undesirable 'jews' are disposed of more subtly. In Israhell - black Ethiopian jews are sterilized under the guise of 'birth control shots' - to be sure that embarrassing dilemma will end in 'natural' way.

Perhaps it is a lesson to 'spiritual jews' - opportunists, traitors and idiots who join 'secret masonic lodges, 'new world order' and similar front organisations with an illusionary hope of picking up some crumbs from masters table! Devious tradition continues: using Russians to kill Poles in Katyn, using Germans to kill Ashkenazi, using Anglos and Yankies to kill Germans, using Arabs to kill Yankies (so called 9/11), using Lebanese christians' to kill Palestinians

NOTE 2:

Just like 'christians' claim credibility to the fact of 'historical jesus' solely on the basis of 'modified' 2 entries in one of books by (almost) contemporary jewish historian Josephus , so the basis of 'millions in gas chambers' rests on the signed 'confession' by tortured and then hanged one time commandant of Auschwitz concentration camp - Rudolf Höss. Not surprisingly thousands of Germans working in concentration camps and not tortured somehow do not recall seeing 'gas chambers'?

Thousands of inmates being there and at that time do not recall it either? Hmmmm.....

Since jews admitted that German made lists of people who were shot (with names and addresses) so what happened to lists of those 'gassed people'?

If there is not even one single victim, there could not be gas chambers. If there were no gas chambers – the fraud is exposed. The evidence is coming not from those labelled ‘nasties’ but from jews themselves – voluntarily, without interrogation or tortures, without duress.

How jews are going to refute other jews who are refuting them?

In many countries legislation has been introduced to terrorise people and to silence the rational questions.

With clear repetition of ‘dark age’ enforcement of dogmas convenient to the ‘rulling’ classes, ‘doubting’ the hollowhoax is termed ‘crime’ punishable by ‘law’ and currently few people are still in prison for such ‘crime’.

We are not ‘doubting the holocaust’ - we want to know the name of one single person who died in a gas chamber so we can acknowledge and pay respect to that person memory!

If jews themselves do not know of any such person – what chance of finding out that person name have defenders of mankind - ‘holocaust deniers’, ‘anti-Semites’, ‘neo-Nazis’ and ‘revisionists’?! Time for the law to take its course. People claiming to lose families in gas chambers have to repay the ‘compensation’ (plus interest and penalties).

Thanks for the ‘hate’ laws there is a perfect instrument to take to courts and to demand damages from every jewish organisation claiming existence of gas chambers.

Every German has right to sue them for defamation , every other person in the world for trauma and mental distress caused by hideous lies . Charging jewish organisations with incitement to hate is another option for law enforcement agencies .

It does not take much effort to take them to court (similar procedures are available in all ‘democratic countries’). Write couple of emails to those jewish organisations who claim the existence of gas chambers.

Wait for the reply and then, with the copy of the claim on their web pages and empty email reply, lodge the civil claim in court.

Just a few relatively simple forms , few dollars to lodge in court , reduced when you are unemployed or retired . Jews are only as ‘powerful’ as WE allow them to be. There are ways of destroying their power – ‘final solution’ – without using gaschambers. I am sure that many

people will think of one or two ways of accomplishing that.

A friend of mine commented: May be there was a person who died in (disinfection) gas chamber but we do not know if it was Moshe Millions or Rebecca Millions.

NOTE 3:

Number of claimed deaths of jews in second world war varies from 300 000 to 9 millions.

People who studied population statistics in this period estimate that to be no more than about 600 000 (out of about 50 million of total deaths).

In concentration camps main killer was typhus , some were shot , a few hanged and a few killed by inmates (gang wars about access to Red Cross parcels and goods in storage).

In Western Europe usually by shooting for various reasons (criminal activity, belonging to resistance, spying).

In Eastern Europe (Latvia, Lithuania and to a lesser degree in Belarus and Ukraine) mostly killed by local residents (with German assistance) as the revenge for cooperating with Russian communists to deport and/or exterminate local population.

In Eastern Poland inhabitants of many jewish ghettos in small towns were shot by Germans without any attempt to hide the killings or places of killings. German records of such actions survived and are known and accessible to every historian. Those killed were buried without any fuss in mass graves known and accessible today.

No evidence of gas chambers or any ‘unusual ‘ method of killing was ever proven but the myth persists due to both cunning of jews and credulity of an average person.

They were killed not ‘because they were jews ‘ but because they were followers and practitioners of the most racist , supremacist, hate promoting, chauvinist, bigoted , antihuman ideology ever created by a man – TALMUD.

Roman historian Tacitus pointed out 19 centuries ago that the jews are unique among the peoples of the world in their intense hatred and contempt for all peoples but their own, he was only repeating what many other scholars had discovered before him.

For the next 1900 years other investigators came to similar conclusions, either from a study of the jews’ religious writings or from a study of the jews’ behavior toward non-jews.

Talmud promotes the worst habits a man is capable of , it promotes not only hatred towards non-jews but also

depravity in all forms, favors hideous conduct, treachery, lies, deceit and perfidy – provoking natural repulsion from ordinary people.

It is a model of moral ugliness, debasement, and degradation at the same time trying to warp and distort everything what is fair and beautiful!

The experience of Palestinians what jews do when they are allowed to raise heads above the cesspool they should be kept in is shared by Russians and people of Eastern Europe where jews were known under the name of ‘communists’.

The experience of subjugation, oppression and economic manipulation is shared in every country where jews (through treacherous lackeys) created ‘democracy’.

Jews who were killed were considered hostile element to humanity and their open , limited and targeted elimination was quite different from indiscriminate murder of civilians in bombing Dresden or Hiroshima by ‘defenders of democracy’ (jewish stooges).

It is reasonable to calculate the number of German civilian victims and murdered after the war soldiers (particularly those from Waffen SS) to actually be about ‘ 6 millions’ (with 9 millions dead about 3 millions were killed as the result of combat).

In perfidious fashion typical to jews to appear as ‘victims’ of ‘ wickedness’ they reversed the situation demanding other people to feel pity on them instead of more natural feeling of gratitude towards Germans to have guts ‘to do the job’.

Rarely mentioned true reason for the ‘black death ‘ in Europe in 14 century which killed more than 1/3 of population is the fact that morons in ‘holy inquisition ‘ considered cats to be impersonation of devil encouraging people to kill them.

Balance in nature was disturbed and millions of decease carrying rats were roaming and multiplying freely.

Jews infiltrated many communities showing to be the most parasitic in them. Scratch the surface and behind any depravity or crime there is a mask of a hidden jew.

In all practical terms the ‘ jewish question ‘ remains open and sooner or later the humanity must address it effectively to uproot the evil.

So , Mr. and Mrs. Choo - if you ever wonder why most people on this planet hate you (you call it ‘persecution’) look at this situation.

For over 60 years you have been falsely accusing people of committing a horrific crime; you lied to every human on this earth; it was not done as a joke or mistake ; you deliberately were harming people ; you took advantage of people having pity on you; you stole by deception untold billions from German nation (and others); you caused people to be persecuted under false accusations.

And when it came to show the substance behind your claims – a little girl showed who you truly are. I will not bother sending invectives in your direction – your time is up!

This has to be the pinnacle of jewish stupidity (or arrogance).

A person who was 'murdered' in SWEDEN (date unknown) is listed as the victim of Hollowhoax.

Certainly, Germans appear to have extremely long hands!

May be those nasty Swedes allowed Germans to secretly build a 'death camp' on their territory?

DearSonya Brendon,

Your request for information about gas chambers in extermination camps was turned to my attention.

Please search the issue in Google, e.g. in Polish *KOMORY GAZOWE W AUSCHWITZ* (hire someone understanding Polish) and you will find hundreds of references to original documents and photographs. The discussion in question is non-sensical as the opposite party would always stick to its opinion irrespective of evidences. Anyway, I can give you several names of relevant authors: Carlo Mattogno, Rudolf Germar, Serge Thion. I am now aware of their ethnic origin. This is not our task.

Subject: gas chambers

Dear Sonya

Many thanks for your somewhat unusual enquiry. Sadly it is the case that some people do question the existence of the gas chambers. It may be of use to point out to your friends that, although the gas chambers are emblematic of the Holocaust, over half of those Jews murdered during the Holocaust did not die in gas chambers. Most Jews who were killed died as a result of shooting or by deliberate starvation coupled with disease and slave labour, the aim of which was to kill.

Yad Vashem currently has the names of over 4 million of the victims of the Nazis and their allies, but to give you just a few names of those who died in a gas chamber:

- Janusz Korczak (Treblinka)
 - Jane Haining (one of 10 Scots known to have died in Nazi extermination camps)
 - the wife and son of Leon Greenman (a British survivor of Auschwitz) Esther (Else) Greenman (née van Dam) and Barney Greenman (Auschwitz-Birkenau)
 - Freda Wineman's mother, father and brother (Auschwitz-Birkenau)
 - Leslie Kleinman's mother (Auschwitz-Birkenau)
 - Harry Bibring's mother (Sobibor).
- The documentation on both gas chambers and mass shootings by the four Einsatzgruppe is extensive, most of it having been created by the perpetrators. Transport lists, for example, are held in (amongst other

places) the archives at Bad Arolson. Each Einsatzgruppen kept detailed records of who was shot, the records include place, date, number of victims and a breakdown of victims by gender, adult/child and whether they were Jewish, commissars (i.e. communists) or other category. These lists are available for public scrutiny.

I hope this is of help.

Hi Tom,

Thank you very much for your kind reply.

Can I quote you as the person vouching for the authenticity of the fact that those people died in gas chambers and NOT BY SHOOTING, etc ????

Please do understand that I found lots of records and lists about people who were SHOT.

If half of 6 millions (as you said) died in gas chambers there should be a lot of names and lists.

I heard before only the first name on your list - when checked on web <http://www.jewishvirtuallibrary.org/iso...rczak.html> it says only that " rounded up for deportation to Treblinka, where they were all put to death."

[On] other page

http://www.essortment.com/janusz_korczak-39876.html

"were taken to Treblinka concentration camp and were all killed on about August 5, 1942."

Even dedicated to him web page - <http://korczak.com/Biography/epilogue.htm>

"No one survived to tell the story of the last hours of Korczak, Stefa, and the children after their train left the Warsaw Ghetto on August 6, 1942. All that is known is that Treblinka, the extermination camp to which they were taken, was under the command of another doctor, the infamous Dr. Irmfried Eberl. In spite of Eberl's experience in gassing people during the "euthanasia" program in Germany, Treblinka was in chaos. The small gas chambers, which spewed out carbon monoxide from engine exhaust, functioned ceaselessly, but still could not handle the thousands of people the trains brought each day. Many had to be shot.", and several others say the same thing.

Where it was established that he died in gas chamber? Please help me to find this information.

Kindly, Sonya

Hi Sonya

I'm not sure that it makes a great deal of difference whether anyone actually saw Korczak and his 198 children walk into the gas chambers at Treblinka. The gas chambers are an established fact with an overwhelming amount of documentary, physical and eyewitness evidence (from perpetrators, bystanders and survivors).

I'm afraid that I may not be quoted as I cannot be sure of the context in which my answer to your question may be used.

You are - The Holocaust Educational Trust - the organisation which is supposed to 'educate' people. However, if you are making merely assertion of "facts" without providing any verifiable evidence don't you think that such conduct in dishonest!

Yes , it does make a difference ' whether anyone actually saw Korczak and his 198 children walk into the gas chambers at Treblinka ' at least to me because I want to find a name of ONE SINGLE PERSON who can be shown as died in a gas chamber .

I saw lots of lists and information about people being shot - they include names and/or their location.

I saw also lots of reports from witnesses who saw people going into gas chambers.

It should be compared with known lists of people who died (usually made by Germans) to give us one undisputable name of person who died in a gas chamber. Is it really too much - one name out of 3 millions???

Dear Sonya

Despite the vast quantity of evidence produced mainly by the perpetrators themselves (including covert surveillance protocols wherein German POWs talk openly about their part in atrocities), as well as bystander and eyewitness accounts, physical evidence and so on, which all creditable historians accept provides overwhelming proof of the existence and use of gas chambers and gas vans, Holocaust deniers and revisionists tend to ignore this and focus on small discrepancies and inconsistencies, things which exist in relation to all historical events but which, for some reason, seem to excite Holocaust deniers/revisionists.

The vastness and complexity of the Holocaust and associated events means that there are always inconsistencies and apparent contradictions; Holocaust deniers/revisionists usually reveal a lack of knowledge and understanding of the Holocaust and hence pick on these as "proof" that the Holocaust didn't happen.

However, should you wish to read some

If you look at the links I provided you will find a great many verified names. You could also contact Yad Vashem (<http://www.yadvashem.org>) who have 4 million names of those murdered and will be able to provide further assistance as to those verified as being murdered in gas chambers. You could also make the same enquiry at the United States Holocaust Memorial Museum (<http://www.ushmm.org>).

You could also accept the names I provided in my first response – unless you can explain what happened to those people if they didn't die in a gas chamber.

Dear Sonya,

Thank you for your email.

You have, unfortunately, encountered Holocaust Denial, which has nothing to do with history and everything with hatred. May I suggest you consult the latest book published on the subject (by non Jewish authors), available in our library.

Title ***Denial of the denial, or the battle of Auschwitz: the demography and geopolitics of the Holocaust: the view from the twenty-first century***. Author Kokh, Alfred (ed), Polian, Pave (ed).

In response to your questions, **there is no record of victims of the gas chambers since those records were taken by the perpetrators who did not want to incriminate themselves.**

[=emphasis added by ed. AI].

However, POWs reported to the liberating authorities from the USSR as to the existence of gas chambers (have a look at page 321 of the book). There are books written by non Jewish survivors which mention the gas chambers, but I would have to look for them. I'll see if I can find some. I hope this is helpful

Hi,
Thank you for your kind reply, however it did not solve my problem.
I still have to face the people who gave me the challenge and what can I say to them "Germans destroyed all the documents and there is no record of one, single person dying in a gas chamber out of 6 millions" - I think they will just laugh in my face.

I saw on internet lots of copies of original German (and other people) records and they say about shooting and hanging but NONE about gassing? Why Germans would keep such documents and at the same time "destroy" anything where gassing was mentioned. It does not make any sense?

What about civilian records eg if someone was living in Warsaw, obviously there should be record of his address , his property , job , bussines etc . If such person was transported to gas chamber (and I saw it in numerous movies) there will be transport record in polish railways , when and where it went.

I saw that Russians (Gorbatchow) released in 1991 all German documents relating to the operation of Concentration Camps.

Surely you have access to those documents or know historians who inspected them!

It is your problem as well because if you do not provide me help in finding the name of one jewish person who died in gas chamber I have to face those people and say with red face - yes , you are right, jews are liars!

I will greatly appreciate your help and you do not know how much I want to prove them wrong.

Hi Sonya,

May I suggest you come to the Museum and explore our library, this is a very extensive topic which you are attempting to cover superficially.

I might add that, as a policy, no Museum in the world or Holocaust historian would argue with Holocaust deniers. There is no point since, as I mentioned, their argument is not historical.

It does make sense that the Germans would destroy incriminating evidence about the gas chambers, please read the literature.

Hi ,
I cannot believe that you send me such email .

I have no interest in arguing about "historical" arguments or "Holocaust deniers" etc.

ALL I NEED is the name of one single person who died in German gas chamber during second world war.

Is it really to much to expect such information from the organisation which supports for many many years the claim that "millions" died in such circumstances???

Why you are denying me such information ???? - which (as your email indicates) should be "historical"!
Is the name of such person a state

secret 60 years after his/her death - even English are not so strict with their 'official' secret documents??? I do not want to spend 10 years of my life searching for something what possibly does not exist.

So, ONE NAME PLEASE.

Hi Sonya,

Thank-you for your email. What a disturbing discussion to have been involved in. Luckily we are able to help with this particular issue. Here is a link to the section of our website which contains lists of names of just some of the victims of the Holocaust, with their place of death (i.e. Auschwitz) also included. A very large proportion of these people were murdered in gas chambers and it is because the Nazis were such meticulous record-keepers and intent on proving that they were annihilating whole groups of people that we have these lists.

<http://hmd.org.uk/resources/victims-name...or-reading>

Something that we find even more useful in showing the true horrendous loss of the Holocaust and subsequent genocides are film testimonies of survivors of these atrocities. I've never been present with any group of people who weren't profoundly moved by watching some of these films.

I hope this is of assistance but I look forward to helping further if I can.

Dear Sonya Brendon,

Thank you very much for your letter. We would be very pleased to help you with your problem. Here is the information you need on your question.

One of the hundreds of thousands of victims who died in the gas chambers of Treblinka was Janusz Korczak.

Janusz Korczak (born Henrik Goldschmidt, July 22, 1878, Warsaw - August 6, 1942, Treblinka) - Polish teacher, writer, physician and social activist of Jewish origin.

In 1940, together with children from the "House of Orphans" he was sent to the Warsaw ghetto. Janusz rejected all offers of non-Jews-admirers of his talent to take him out of the ghetto and hide on the "Aryan" side.

When in August 1942 there was made a decision to deport the "House of Orphans", Korczak went along with his assistant and friend Stephanie Wilczynski and 200 children to the station, from where they were sent to Treblinka in the freight cars. He declined the last minute offer of freedom and chose to stay with the children, taking them to death in the gas chamber. If you have some more questions, don't hesitate to ask us.

We will help you with great pleasure.

I would suggest that you apply for the information you need, either to the Holocaust Museum in your country or to the Yad Vashem Foundation in Israel. In fact, it would be very hard to pick just one name, such as the one you seek, among almost 6.000.000 people whose lives were taken in the gas chambers or in similar ways, based on the fact that they were Jews. Other victims of the Holocaust include Roma or gay or physically - mentally imperfect persons. I would also like to suggest to you, that one name will probably constitute no conclusive proof of the atrocious crime of the Holocaust, for people who have their own reasons to pretend that it did not happen.

Sonya,

I didn't mean you were crazy - I meant the person(s) wanting "proof" from you. The Germans do have the lists. They used them to cross-check the identity of my parents and grandparents for compensation purposes in the the early 70s. Whether the lists are available publicly I'm not sure of.

You must understand the emotional strain I face when this kind of situation arises. I do know from the personal account of my mother what happened. I don't want to re-live it for the sake of people demanding "proof," unless I know their identity. I'm unwilling to get into a protracted fight in case they'll try to discredit this information - and their suffering - and they are much more likely to do that as long as they can remain anonymous.

Trust you understand.

Dear Mrs Brendon,
regarding your mails which reached the ITS I really wonder what the background of your question is.

It seems a bit strange to ask about a name of one person "who could be shown" murdered in a gas chamber.

Those who were murdered there - Millions of Jews, but also Romany people, Soviet POWs or Polish civilians and, in Nazi-Germany itself, e.g. handicapped people - were annihilated totally, as they were burnt afterwards or buried in mass graves and, as the Allied approached, exhumed and then the corpses burnt.

Whole communities were exterminated. Sometimes nearly no one survived. Just look at the history of the Hungarian Jews whose extermination was one of the last chapters in the Holocaust and which went on with a rapidness which was even then unprecedented.

(<http://www1.yadvashem.org/yv/en/holocaust...ungary.asp>)

There are witnesses/ survivors who were separated from their families in Auschwitz and who solely survived whereas their families were murdered in gas chambers. I assume that you will find enough autobiographies where this is described. One of the earliest scientific books was written by an Auschwitz survivor: Erich Kukla: **The**

Death Factory (co-authored with Ota Kraus) - (Czech: Továrnna na smrt) Prague 1946, 1950, 1955, 1956, 1957, 1959, 1964; German: Berlin 1957, 1958, 1991; Hungarian: Budapest 1957, 1958; Russian: Moscow 1960 Estonian: Tallinn 1960; Hebrew: Jerusalem 1960; Romanian (Fabrica morții): Bucharest 1959, 1963, 1992; English: Oxford 1966; Greek: Athens 1979. The database of Yad Vashem shows numerous Pages of testimonies which tell about the murder by Nazi-Germany in gas chambers, by mass shootings etc.

But the German bureaucracy did not register those who were herded into the gas chambers, neither in Auschwitz, nor in Treblinka, Sobibor, Chelmno etc. Furthermore much evidence was destroyed as the Allied approached. This is common historical knowledge.

There are also memoirs by non-Jewish survivors, such as Tadeusz Borowski: **This Way for the Gas, Ladies and Gentlemen** (Proszę państwa do gazu), Penguin Books, London, 1992 or **We Were in Auschwitz** (Byliśmy w Oświęcimiu), Natl Book Network, 2000. There are much more, just think about Wladyslaw Bartoszewski and others whom I assume you can also find easily by using the Internet appropriate and serious.

Please use also the websites of Yad Vashem, the USHMM and other memorial sites.

Before I answer your request, I have a few questions for you. First, how did you get my e-mail address? Second, the "subject of gas chambers" rarely comes up in casual discussion with people. How is it that this topic came up in your conversation? Third, can you tell me something about yourself . . . how old are you, etc.?

After I hear from you again I will provide you with the name of a person who in fact died in a gas chamber during the WWII.

The reason you had such difficulty finding the information you are seeking is that the Nazis were not standing at the gas chambers and handing out death certificates to those who were killed.

Hi Klara ,

I have been trying to find the verifiable name of one person who died in gas chamber.

Firstly looking at the publically available lists and testimonies.

Not even one verifiable name?
Therefore I am close to admitting that the people who posed that question to me are right.

That is in spite of what I was led to believe in 36 years of my life!

Can you help me to prove those people wrong.

I need just one verifiable name of a person who died in gas chamber?

365 000 approx. Jews from Warszawa ghetto were gased during Summer 1942. No lists were made. Just number of peoples at each train and as I wrote to You earlier trains were according to German railways going empty back.

Every day!

Concerning Jews from France, there were often lists made by French police. List for each wagon going to Auschwitz. Most of the peoples were send to gas chambers directly, all children and old people. Rest of the peoples were used as slaves in factories around Auschwitz. This kind of peoples were registered and given number. The others were just murdered! My French cousin Albert and his parents were gased in Auschwitz! see

Proving the Gas Chambers & Crematoria
© Copyright Skeptic Magazine
Proving the Gas Chambers & Crematoria

How do we know the Nazis used gas chambers to kill Jews en masse? The same way we prove the Holocaust in general--a convergence of evidence from various sources:

1. Written documents--Orders for Zyklon-B gas, blueprints and orders for building materials for the crematoria, etc.
2. Eyewitness testimony--Sonderkommando diaries, confessions of guards and commandants, etc.
3. Photographs--Not only of the camps, but especially interesting are the secret photos taken of the burning of bodies that were smuggled out of Auschwitz.
4. The camps themselves--forensic tests have now been conducted demonstrating the homicidal use of both the gas chambers and the crematoria for the express purpose of exterminating large numbers of prisoners (Pressac, 1989; Pressac and Van Pelt, 1994).

5. Negative evidence--we have documentation of the numbers of prisoners shipped to the various camps, the numbers that were transferred, and the number liberated. The difference between the latter with the former two figures gives an approximation of the numbers who died or were killed (see Hilberg, 1961).

Once these historical data have been linked together the burden of proof is on the revisionists to disentangle them, both individually and as a whole.

To corroborate these photos we have eyewitness accounts. Judith Berg, the survivor who spent seven months in Auschwitz and who appeared with me on Donahue, confirmed the mass burning of bodies. Edith Gleick, also on the show, gave me a verbal description of the sorting and separation process that happened at the Auschwitz train platform that very nicely matches the photos of the Hungarian Jews presented above. And we have thousands of accounts like these.

Revisionists will ask how I can believe Berg after her claim about seeing them

make soap out of human bodies. My answer is twofold: (1) we do not accept eyewitness accounts by themselves as proof of the Holocaust or gas chamber story, without corroboration from other eyewitnesses as well as physical evidence; (2) in this particular case, Berg was enraged at Bradley Smith for denying what she knows happened to her own family members and friends, and struck out at him with this statement when he also challenged the soap story. Despite the differences in specifics of accounts, there is a core of truth at their center, and the gassing and cremating of prisoners is one of the most important cores.

Dear Sonya Brendon,
As to your "little problem," it was not at all clear to me why you had so much difficulty finding the information you seek regarding the subject of gas chambers. Your thought that "it will be easy with the abundance of material about this issue" was well-warranted.

Just a few moment's research and I found enough information with which you can easily rebut those who challenged you. Of course, all of us have different skills in tracking down information on the web, but I cannot understand why "after searching the internet" you were "not finding anything."

It is possible that some of those who challenged you to "find a name of one single person of Jewish origin who could be shown as died in a gas chamber" were either Holocaust deniers or just getting involved in a sophomoric discussion. In either event, do not let them deter you from learning more about the tragic reality of the Holocaust, including the murder of Jews - and others - by the Germans during the Holocaust years. By the way, you really should see such items as this about the pernicious nature of Holocaust denial: <http://en.wikipedia.org/wiki/Exterminationism>

As you may know, the Nazis kept very good records of who were killed in gas chambers, and more generally in concentration camps and death camps. And many of those records survive to this day. Of course, their records were kept in German. But many of their

records are available in diverse languages. You might want to look at this website, of the International Tracing Service: <http://www.itsarolsen.org/en/homepage/index.html>

You no doubt have heard of Auschwitz. A number of camps, such as Auschwitz, used Zyklon B gas to murder the victims there. For more basic information on Auschwitz, please see here:

I cannot help but think that the good people at the Sydney Jewish Museum would be excellent resources as you continue your research.

This is in response to your message to the U.S. Holocaust Memorial Museum's Holocaust Survivors and Victims Resource Center.

As per your request, I have attached a portrait and description of the death of Miss Jeannette Rotbaum from Paris, who was just five years old when she was murdered in a gas chamber at Auschwitz on the morning of August 21, 1942. Sadly, despite your questionable new acquaintances' delusional beliefs, perhaps fueled by some sort of obtuse or blinkered political agenda, there is no shortage of names to be found of those murdered in the gas chambers of Auschwitz, Treblinka, Sobibor, Chelmno, Belzec, Minsk, Majdanek and elsewhere. For several million other names of those murdered in the Holocaust, please visit Yad Vashem's Central Database of Shoah Victims Names at <http://db.yadvashem.org/names/search.html?language=en>. We do, however, know about specific people who were designated "return not desired" when they were deported, and they were gassed. What a strange request. I would direct you to the US Holocaust Museum or Yad Vashem for more information. I advise you to get in touch with Yad Vashem or the USHMM as they have the lists of millions of people, Jews and non-Jews who were gassed. There are warehouses documenting the mass murder perpetrated, documents the Germans themselves generated during the Holocaust. Anyone who chooses to refute the irrefutable evidence is either genuinely ignorant, willfully ignorant

and/or motivated by a political agenda that usually includes hatred of Jews. Holocaust is simply not open to debate. As has been said, "There are none so blind as those who will not see."

Dear Sonya,

You can find the central database of Holocaust victims at the site of Yad Vashem:

<http://db.yadvashem.org/names/search>

[.html?language=en](http://en.wikipedia.org/wiki/List_of_victims_of_the_Holocaust)

Alternatively, there are many lists of victims murdered in Auschwitz. Here is one such list (incomplete) that gives names and also the method of murder (gassing)

http://en.wikipedia.org/wiki/List_of_victims_of_the_Holocaust

Lastly, I would like to point out to you that Holocaust denial is illegal in Australia, so if this group of people keeps on denying that Jews were gassed in concentration camps, you could file a complaint with the police.

Best regards,

Dear Ms Brendon,

There were millions of Jews that died in the gas chambers during the WW2. In Norway around 1000 Jews were deported to the Nazi death camps, about 1/3 of the pre-WW2 Jewish population. All women, children, sick and elderly were sent directly to the gas chambers upon arrival in Auschwitz.

Two of these whom I managed to find their stories in English are:

[http://en.wikipedia.org/wiki/Cissi\\_Klein](http://en.wikipedia.org/wiki/Cissi_Klein)

[http://en.wikipedia.org/wiki/Ruth\\_Maier](http://en.wikipedia.org/wiki/Ruth_Maier)

In general, if you ask any person of Jewish decent they will probably tell you several names on family members who perished. You may also find more information on this site:

Would you be kind to tell me:

Where your grandmother was from - address, age, etc.?

What date your grandmother was gassed?

Is your grandmother listed on German list of people who were killed?

Any other information which would help me to prove those people wrong.

The Website of Yad Vashem has compiled the names of over four of the approximately Six Million Jews killed during the Holocaust and to the extent possible the place of their death.

The archives at the State Museum of Auschwitz has a list of prisoners of Auschwitz including some who were killed in the gas chambers.

The same goes for the death camps of Belzec, Majdanek, Treblinka and Sobibor.

The people you are dealing with are Holocaust deniers and were I to begin to name the names that I know it would take me hours and hours. It is not worth the effort to deal with such people. Michael

Dear Sonya

If you go to this website:

<http://db.yadvashem.org/names/nameResult...language=en>

you will find thousands of names of Jews who were murdered by Nazis. Many of them died in the gas chambers of the Nazi extermination camps. I can assure you that this is a reliable site because included in those names are members of my own family.

The information on this website was taken from records made by the Nazis themselves. They made lists of everyone they deported. They noted which ones were Jews. They recorded where they went and how they died.

Of course not all the Jews who were murdered were killed in gas chambers. They were also shot, either individually, or machine-gunned in a group. They were also hanged. They were also starved to death. But they were murdered and they were Jews.

Please do not believe those people who pretend that the Holocaust never happened. The gas chambers were real. Real people – Jews and others that the Nazis hated – were murdered in that way. You can see the gas chambers today in places like Auschwitz in Poland. You can talk to people who survived the concentration camps and who will tell you what they saw with their own eyes. The only thing that is a fake is the

person who says it never happened. The only lie is to say that it never happened.

I hope that this information is helpful to you. Please feel free to write again if you have any more questions.

**To:** Sonya Brendon

**Subject:** Re: name

Dear Sonya,

Thank you for contacting the Sousa Mendes Foundation. Our research is primarily focused on persons who survived the Holocaust by being granted visas to escape from Nazi occupied France, but many were not so fortunate. I am glad that you looked outside your circle of friends in search of the truth about the Holocaust.

All too often, we encounter people who expound 'revisionist' theories of history, conspiracy theorists and Holocaust deniers. There are many websites and publications that try to claim that the mass exterminations never took place. In a way, these denials are a new hate crime... there is overwhelming evidence that death camps and gas chambers indeed existed and we used by the Nazis during the war.

The most widely recognized authority on Jewish victims of the Holocaust is an organization called Yad Vashem, which means 'a place and a name' as taken from a biblical quote. They have an online database containing the names of roughly four million Jewish persons who perished during the Holocaust. Many of these people were shot, starved, poisoned, or gassed.

The Yad Vashem database can be searched by name, place of birth, place of death, etc. In some cases the cause of death is not precisely known or listed, but in many cases the cause of death has been documented. Here is a link to the search form:

<http://db.yadvashem.org/names/search.html?language=en>

Here, for example, is the record for Lidia Zamenhof, a Polish woman who died in the gas chambers at Treblinka at age 38:

[http://db.yadvashem.org/names/nameD\\_etai...language=en](http://db.yadvashem.org/names/nameD_etai...language=en)

You may also want to take a look at this list, found on Wikipedia, which shows some Jewish victims who made notable achievements in the arts and sciences.

If you scan the last column, you can see that some perished in the gas chambers. [http://en.wikipedia.org/wiki/List\\_of\\_victims\\_of\\_Nazism](http://en.wikipedia.org/wiki/List_of_victims_of_Nazism)

The above article does not have any citations or testimonials, so any names should be double-checked with Yad Vashem or the United States Holocaust Memorial and Museum. The USHMM database can be accessed here: <http://resources.ushmm.org/hsv/> Although it can be a sad and gruesome task, I encourage you to learn more about the Holocaust. There are many powerful and meaningful films and books you can get online or at your library.

Besides all of the perpetrators and collaborators, so many murders could not have been committed without millions of bystanders -- people who did nothing to fight or stop the killing.

It is important to remember that there were also rescuers, Jews and non-Jews who risked their lives to save others. For example, my father would probably not have survived, and thus I would never have been born, if it were not for the heroic and courageous efforts of just one such rescuer, Aristides de Sousa Mendes.

With best wishes,

Harry Oesterreicher

Dear Mrs Brendon,

as mentioned: there are enough people having written their autobiographies as survivors stating how and when people vanished in the gas chambers.

Therefore I also mentioned the book by Kulka, where you can read about those and also how they tried to defend themselves against SS etc. while approaching the gas chambers.

There is evidence by those forced into "Sonderkommandos" in Treblinka and Auschwitz who emptied the gas chambers and had to burn the corpses. Therefore you need to use the Internet properly and then for sure you find those testimonies. Google Shlomo Venezia or Henryk Mandelbaum. Yehuda Bacon was also witness of gassing and the gas chambers.

Please do understand that we have time and again inquiries from deniers of the holocaust and therefore we act very thoughtful regarding each inquiry which needs "evidence" which is in the vast material and documents on the Holocaust.

Dear Ms Brendon,

If someone is denying, or even questioning, the use of gas chambers in the Nazi-run death camps in German-occupied Poland, we at Centropa do not engage them in conversation. Nothing you say or show them in writing would change their minds; it would be a waste of time.

There are, on the other hand, so many German government sources that verify what happened in the camps, as well as former guards and officers who testified what they did (not to mention former inmates), that no serious person would deny this.

Dear Sonya Brendon,  
The following link will bring you to a television newsreport program on CBS, one of our three big networks. It deals with the Nazi records preserved at Bad Arolsdingen, West Germany, originally by the U.S. Army, but now controlled by the German government. The super-efficient and super-organized Germans

kept meticulous records, name by name, of every one they murdered.

<http://www.cbsnews.com/video/watch/?id=...%3b9%20%7F>

They murdered most of my family, who were originally confined to the concentration camp at Theresienstadt (Terezin, Czech Republic), and from there, one by one, shipped to Auschwitz. I do not have the heart to dig for their names in these archives, but I am sure they are there.

On my part, I can give you Hermine Urbachova, from Brno, Czech Republic (my grandmother) and Irena Zifferova, from Ostrava, Czech Republic (my aunt).

Separately, as this is a "forward" and I therefore cannot attach a document, I will send you a scan of a brief history of one of our client survivors, Dasha R.

She was shipped to Auschwitz along with her family, but as a 14-year old was separated to a forced labor camp, while her mother, father and siblings disappeared into the gas chamber literally in front of her eyes.

In addition, Yad Vashem in Israel has detailed records of hundreds of thousands or millions of Jews who perished in the gas chambers, records which can now be googled.

I hope this will serve your purposes and wish you good luck

There are numerous published registers of names of people who died in the gas chambers.  
Just ask your local university library to do a search on "Auschwitz death lists" or Buchenwald or Dachau, to name a few camps.  
Or, if you need proof directly from the source, just write to the archives of the various concentration camps which operated the gas chambers.

Unfortunately, you will have no problem finding endless lists of names. They are easily accessible if you look.

#### INGLEBURN WEAPONS HAUL

**Ben McClellan, *The Daily Telegraph*, 30 November 2013, 12:00AM**

POLICE found an "Aladdin's Cave" of illegal weapons when they seized more than 850 items ranging from 325 stun guns, masked as lip stick and mobile phones, to 218 knuckle dusters. The Fairfield Proactive Crime Team and Bass Hill Region Enforcement Squad allegedly found \$20,000 when they swooped on Jerzy Rek on Thursday near his Deveron St, St Andrews, home an hour after they found, what one investigator described as an "Aladdin's Cave" of illegal weaponry, at his Kerr Rd, Ingleburn, warehouse.

The 59-year-old is accused of selling the weapons, which included 67 gas-powered replica firearms, so realistic that one officer said if someone pulled it on him he would shoot them, 64 extendable batons, 39 sling shots and stun guns masked as women's shavers and iPhones.

Police said they also found 10 boxes of human growth hormone, four cans of capsicum spray and two firearm magazines.

Rek didn't apply bail for facing more than 20 charges at Campbelltown Local Court yesterday and will reappear on December 4.

One of the stun guns is believed to have been used by an alleged jewellery store thief to flee security in Bonnyrigg earlier this month.

Customs is investigating how Rek allegedly imported the weapons from Asia.

##### Just consider the following:

Joseph P. Kennedy, U.S. Ambassador to Britain during the years immediately preceding WW2 was the father of the famous American Kennedy dynasty. James Forrestal the first US Secretary of Defense (1947-1949) quotes him as saying "Chamberlain, the British Prime Minister, stated that America and the world Jews had forced England into the war." – *The Forrestal Diaries* ed. Millis, Cassell 1952, p129. Count Jerzy Potocki, the Polish Ambassador in Washington, in

a report to the Polish Foreign Office in January 1939, is quoted approvingly by the highly respected British military historian Major-General JFC Fuller. Concerning public opinion in America he says

"Above all, propaganda here is entirely in Jewish hands .. when bearing public ignorance in mind, their propaganda is so effective that people have no real knowledge of the true state of affairs in Europe .. It is interesting to observe that in this carefully thought-out campaign .. no reference at all is made

to Soviet Russia. If that country is mentioned, it is referred to in a friendly manner and people are given the impression that Soviet Russia is part of the democratic group of countries.. Jewry was able not only to establish a dangerous centre in the New World for the dissemination of hatred and enmity, but it also succeeded in dividing the world into two warlike camps .. President Roosevelt has been given the power.. to create huge reserves in armaments for a future war which the Jews are deliberately heading for." – Fuller, *JFC: The Decisive Battles of the Western World*, vol 3 pp 372-374.

Hugh Wilson, the American Ambassador in Berlin until 1938, the year before the war broke out, found anti-Semitism in Germany understandable. This was because before the advent of the Nazis, "the stage, the press, medicine and law [were] crowded with Jews..among the few with money to splurge, a high proportion [were] Jews..the leaders of the Bolshevik movement in Russia, a movement desperately feared in Germany, were Jews. One could feel the spreading resentment and hatred." – Hugh Wilson: *Diplomat between the Wars*, Longmans 1941, quoted in Leonard Mosley, *Lindbergh*, Hodder 1976.

Sir Nevile Henderson, British Ambassador in Berlin, 'said further that the hostile attitude in Great Britain was the work of Jews and enemies of the Nazis, which was what Hitler thought himself.' – Taylor, AJP: *The Origins of the Second World War*, Penguin 1965, 1987 etc p 324.

Is all of this merely attributable to antisemitism?

The economic background to the war is necessary for a fuller understanding, before casting judgement on the originators of these viewpoints.

At the end of the First World War, Germany was essentially tricked [see Paul Johnson "A History of the Modern World" (1983) p24 and H Nicholson Peacemaking 1919 (1933) pp13-16] into paying massive reparations to France and other economic competitors and former belligerent countries in terms of the so-called Treaty of Versailles, thanks to the liberal American President Woodrow Wilson. Germany was declared to be solely responsible for the war, in spite of the fact that "Germany did not plot a European war, did not want one, and made genuine efforts, though too belated, to avert one." – Professor Sydney B Fay *The Origins of the World War*, Vol. 2 p 552.

"As a result of these massive enforced financial reparations, by 1923 the situation in Germany became desperate and inflation on an astronomical scale became the only way out for the government. Printing presses were engaged to print money around the clock. In 1921 the exchange rate was 75 marks to the dollar. By 1924 this had become about 5 trillion marks to the dollar. This virtually destroyed the German middle class, reducing any bank savings to a virtual zero." – Koestler *The God that Failed*, p 28.

According to Sir Arthur Bryant the British historian – *Unfinished Victory*, 1940 pp. 136-144:

"It was the Jews with their international affiliations and their hereditary flair for finance who were best able to seize such opportunities. They did so with such effect that, even in November 1938, after five years of anti-Semitic legislation and persecution, they still owned, according to the Times correspondent in Berlin, something like a third of the real property in the Reich. Most of it came into their hands during the inflation. But to those who had lost their all this bewildering transfer seemed a monstrous injustice. After prolonged sufferings they had now been deprived of their last possessions. They saw them pass into the hands of strangers, many of whom had not shared their sacrifices and who cared

little or nothing for their national standards and traditions. The Jews obtained a wonderful ascendancy in politics, business and the learned professions (in spite of constituting) less than one percent of the population. The banks, including the Reichsbank and the big private banks, were practically controlled by them. So were the publishing trade, the cinema, the theatres and a large part of the press all the normal means, in fact, by which public opinion in a civilized country is formed. The largest newspaper combine in the country with a daily circulation of four millions was a Jewish monopoly. Every year it became harder and harder for a gentile to gain or keep a foothold in any privileged occupation. At this time it was not the 'Aryans' who exercised racial discrimination. It was a discrimination that operated without violence. It was exercised by a minority against a majority. There was no persecution, only elimination. It was the contrast between the wealth enjoyed and lavishly displayed by aliens of cosmopolitan tastes, and the poverty and misery of native Germans, that has made anti-Semitism so dangerous and ugly a force in the new Europe. Beggars on horseback are seldom popular, least of all with those whom they have just thrown out of the saddle."

Goodness gracious, Sir Arthur! What made you get out of the wrong side of the bed?

Strangely enough, a book unexpectedly published by Princeton University Press in 1984, Sarah Gordon, *Hitler, Germans and the "Jewish Question"*, essentially confirms what Bryant says. According to her, "Jews were never a large percentage of the total German population; at no time did they exceed 1% of the population during the years 1871-1933." But she adds "Jews were over-represented in business, commerce, and public and private service. They were especially visible in private banking in Berlin, which in 1923 had 150 private Jewish banks, as opposed to only 11 private non-Jewish banks. They owned 41% of iron and scrap iron firms and 57% of other metal businesses. Jews were very active in the stock market, particularly in Berlin, where in 1928 they comprised 80% of the leading members of the stock exchange. By 1933, when the Nazis began eliminating Jews from prominent positions, 85% of the brokers on the Berlin Stock exchange were dismissed because of their 'race'. At least a quarter of full professors and instructors (at German universities) had Jewish origins. In 1905-6 Jewish students comprised 25% of the law and medical students. In 1931, 50% of the 234 theatre directors in Germany were Jewish, and in Berlin the number was 80%. In 1929 it was estimated that the per capita income of Jews in Berlin was twice that of other Berlin residents." etc etc.

Arthur Koestler confirms the Jewish over-involvement in German publishing. "Ullstein's was a kind of super-trust; the largest organization of its kind in Europe, and probably In the world. They published four daily papers in Berlin alone, among these the venerable *Vossische Zeitung*, founded in the eighteenth century, and the *B.Z. am Mittag*, an evening paper. Apart from these, Ullstein's published more than a dozen weekly and monthly periodicals, ran their own news service, their own travel agency, etc., and were one of the leading book publishers. The firm was owned by the brothers Ullstein – they were five, like the original Rothschild brothers, and like them also, they were Jews." – *The God that Failed*, 1950, ed. RHS Crossman, p 31.

Edgar Mowrer, Berlin correspondent for the *Chicago Daily News*, wrote an anti-German tract called *Germany Puts the Clock Back*, published as a Penguin Special and reprinted five times between December 1937 and April 1938. He

nevertheless notes "In the all-important administration of Prussia, any number of strategic positions came into the hands of Hebrews. A telephone conversation between three Jews in Ministerial offices could result in the suspension of any periodical or newspaper in the state. The Jews came in Germany to play in politics and administration that same considerable part that they had previously won by open competition in business, trade, banking, the Press, the arts, the sciences and the intellectual and cultural life of the country. And thereby the impression was strengthened that Germany, a country with a mission of its own, had fallen into the hands of foreigners."

Mowrer says "No one who lived through the period from 1919 to 1926 is likely to forget the sexual promiscuity that prevailed. Throughout a town like Berlin, hotels and pensions made vast fortunes by letting rooms by the hour or day to baggageless, unregistered guests. Hundreds of cabarets, pleasure resorts and the like served for purposes of getting acquainted and acquiring the proper mood." – pp. 153-4. Bryant describes throngs of child prostitutes outside the doors of the great Berlin hotels and restaurants. He adds "Most of them – the night clubs and vice-resorts – were owned and managed by Jews. And it was the Jews among the promoters of this trade who were remembered in after years." – pp. 144-5.

Douglas Reed, Chief Central European correspondent before WWII for the London Times, was profoundly anti-German and anti-Hitler. But nevertheless he reported: "I watched the Brown Shirts going from shop to shop with paint pots and daubing on the window panes the word 'Jew', in dripping red letters. The Kurfürstendamm was to me a revelation. I knew that Jews were prominent in business life, but I did not know that they almost monopolized important branches of it. Germany had one Jew to one hundred gentiles, said the statistics; but the fashionable Kurfürstendamm, according to the dripping red legends, had about one gentile shop to ninety-nine Jewish ones." – Reed: *Insanity Fair*, 1938, p. 152-3. In Reed's book *Disgrace Abounding* of the following year he notes "In the Berlin (of pre-Hitler years) most of the theatres were Jewish-owned or Jewish-leased, most of the leading film and stage actors were Jews, the plays performed were often by German, Austrian or Hungarian Jews and were staged by Jewish film producers, applauded by Jewish dramatic critics in Jewish newspapers. The Jews are not cleverer than the Gentiles, if by clever you mean good at their jobs. They ruthlessly exploit the common feeling of Jews, first to get a foothold in a particular trade or calling, then to squeeze the non-Jews out of it. It is not true that Jews are better journalists than Gentiles. They held all the posts on those Berlin papers because the proprietors and editors were Jewish" – pp238-9.

The Jewish writer Edwin Black notes "For example, in Berlin alone, about 75% of the attorneys and nearly as many of the doctors were Jewish." – Black, *The Transfer Agreement*, 1984, p58.

To cap it all, Jews were perceived as dangerous enemies of Germany after Samuel Untermeyer, the leader of the World Jewish Economic Federation, declared war on Germany on August 6 1933. – Edwin Black *The Transfer Agreement: the Untold Story of the Secret Pact between the Third Reich and Palestine*, 1984, pp272-277. According to Black, "The one man who most embodied the potential death blow to Germany was Samuel Untermeyer." – p 369. This was the culmination of a worldwide boycott of German goods led by international Jewish organizations. *The London Daily Express* on March 24,

1933 carried the headline "[Judea Declares War on Germany](#)".

Hitler saw the tremendous danger posed to Germany by Communism. He appreciated the desperate need to eliminate this threat, a fact that earned him the immense hatred and animosity of the Jewish organisations and the media and politicians of the west which they could influence. After all, according to the Jewish writer Chaim Bermant, although Jews formed less than five percent of Russia's population, they formed more than fifty percent of its revolutionaries. According to the Jewish writer Chaim Bermant in his book *The Jews*, 1977, chapter 8:

"It must be added that most of the leading revolutionaries who convulsed Europe in the final decades of the last century and the first decades of this one, stemmed from prosperous Jewish families. They were perhaps typified by the father of revolution, Karl Marx. Thus when, after the chaos of World War I, revolutions broke out all over Europe, Jews were everywhere at the helm; Trotsky, Sverdlov, Kamenev and Zinoviev in Russia, Bela Kun in Hungary, Kurt Eisner in Bavaria, and, most improbable of all, Rosa Luxemburg in Berlin.

"To many outside observers, the Russian revolution looked like a Jewish conspiracy, especially when it was followed by Jewish-led revolutionary outbreaks in much of central Europe. The leadership of the Bolshevik Party had a preponderance of Jews. Of the seven members of the Politburo, the inner cabinet of the country, four, Trotsky (Bronstein), Zinoviev (Radomsky), Kamenev (Rosenfeld) and Sverdlov, were Jews." Other authors agree with this:

"There has been a tendency to circumvent or simply ignore the significant role of Jewish intellectuals in the German Communist Party, and thereby seriously neglect one of the genuine and objective reasons for increased anti-Semitism during and after World War 1. The prominence of Jews in the revolution and early Weimar Republic is indisputable, and this was a very serious contributing cause for increased anti-Semitism in post-war years. It is clear then that the stereotype of Jews as socialists and communists. led many Germans to distrust the Jewish minority as a whole and to brand Jews as enemies of the German nation." – Sarah Gordon, *Hitler, Germans and the Jewish Question*, Princeton University Press, 1984, p 23.

"The second paroxysm of strong anti-Semitism came after the critical role of Jews in International Communism and the Russian Revolution and during the economic crises of the 1920s and 30s.. Anti-Semitism intensified throughout Europe and North America following the perceived and actual centrality of Jews in the Russian Revolution. Such feelings were not restricted to Germany, or to vulgar extremists like the Nazis. All over Northern Europe and North America, anti-Semitism became the norm in 'nice society', and 'nice society' included the universities." – Martin Bernal, *Black Athena* vol. 1 pp. 367, 387.

"The major role Jewish leaders played in the November (Russian) revolution was probably more important than any other factor in confirming (Hitler's) anti-Semitic beliefs." – J&S Pool, *Who Financed Hitler*, p.164.

Hitler came to power in Germany with two main aims, the rectification of the unjust provisions of the Versailles Treaty, and the destruction of the Soviet/Communist threat to Germany. Strangely enough, contrary to the mythology created by those who had an opposing ethnic agenda, he had no plans or desire for a larger war of conquest. Professor AJP Taylor showed this in his book *The Origins of the Second*

*World War*, to the disappointment of the professional western political establishment. Taylor says, "The state of German armament in 1939 gives the decisive proof that Hitler was not contemplating general war, and probably not intending war at all" – p.267, and "Even in 1939 the German army was not equipped for a prolonged war; and in 1940 the German land forces were inferior to the French in everything except leadership" – p104-5. What occurred in Europe in 1939-41 was the result of unforeseen weaknesses and a tipping of the balance of power, and Hitler was an opportunist "who took advantages whenever they offered themselves" – Taylor. Britain and France declared war on Germany, not the other way around. Hitler wanted peace with Britain, as the German generals admitted – Basil Liddell Hart, *The Other Side of the Hill* 1948, Pan Books 1983 – with regard to the so-called Halt Order at Dunkirk, where Hitler had the opportunity to capture the entire British Army, but chose not to. Liddell Hart, one of Britain's most respected military historians, quotes the German General von Blumentritt with regard to this Halt Order:

*"He (Hitler) then astonished us by speaking with admiration of the British Empire, of the necessity for its existence, and of the civilisation that Britain had brought into the world. He remarked, with a shrug of the shoulders, that the creation of its Empire had been achieved by means that were often harsh, but 'where there is planing, there are shavings flying'. He compared the British Empire with the Catholic Church saying they were both essential elements of stability in the world. He said that all he wanted from Britain was that she should acknowledge Germany's position on the Continent. The return of Germany's colonies would be desirable but not essential, and he would even offer to support Britain with troops if she should be involved in difficulties anywhere."* – p 200.

According to Liddell Hart, "At the time we believed that the repulse of the Luftwaffe in the "Battle over Britain" had saved her. That is only part of the explanation, the last part of it. The original cause, which goes much deeper, is that Hitler did not want to conquer England. He took little interest in the invasion preparations, and for weeks did nothing to spur them on; then, after a brief impulse to invade, he veered around again and suspended the preparations. He was preparing, instead, to invade Russia" – p140.

David Irving in the foreword to his book *The Warpath*, 1978, refers to "the discovery, that at no time did this man (Hitler) pose or intend a real threat to Britain or the Empire."

This gives a completely different complexion, not only to the war, but to the successful suppression of this information during the war and afterwards. Historians today know only too well where the boundaries lie within which they can paint their pictures of the war and its aftermath, and the consequences of venturing beyond those boundaries, irrespective of the evidence. Unfortunately, only too few of them have been prepared to have the courage to break out of this dreadful straitjacket of official and unofficial censorship.

**E-mail comment received:** I worked and studied in Berlin for three years, have an MA in International Relations and a BA in Government with a minor in History. I am embarrassed to say that until I read this article, I had no idea of the scope and cause for the anti-Semitism in Germany before WWII. The Halt Order at Dunkirk was never mentioned in my studies, nor was the ownership of the media, banks and businesses. Thank you for the excellent article. It certainly gives me a new perspective.

I have always questioned the actual numbers of Jewish victims of the concentration camps, as the numbers didn't make sense based upon Germany's population. Perhaps it was fear of failing or being labeled an anti-Semite by my history professors (all but two were Jewish) and classmates that I refrained from demanding an honest discussion during my classes. I once said that the only reason Israel existed was out of Holocaust guilt, and I was immediately labeled a terrorist sympathizer.

I see what is now happening in Israel and I am aghast. The parallels to WW II are frightening. Even today, one cannot bring up this subject without being labeled a Holocaust denier or white supremacist. Thanks again for an excellent article. I am forwarding it to several friends. JBP
